Subject: Reclamation Surety Required, Property Reserve, Heber Valley Girls Camp quarry,
M/051/0013, Wasatch County, Utah

Dear Mr. Welton:

The Division of Oil, Gas and Mining requires that a reclamation surety in the amount of \$114,900.00 be submitted for the Heber Valley Girls Camp quarry. This is based on the following:

25.57 acres of disturbance
\$7100.00 for the first acre of disturbance
\$4300.00 for each subsequent acre

Please submit the surety no later than October 1, 2009. Failure to provide the surety by this date may result in enforcement action.

These surety amounts are average costs for reclaiming large mines and are escalated three years into the future. When your Notice of Intention to Commence Large Mining Operations is nearing finalization, we will calculate a more precise estimate based on the reclamation plan.

The surety can be submitted in the form of a letter of credit, a certificate of deposit, a surety bond, or cash. Please contact Penny Berry, bonding coordinator, for information about submitting the bond and the associated reclamation contract.

She can be reached at (801) 538-5291 or by e-mail at bondingcoordinator@utah.gov. Another bonding option you may consider is a contract with the Board of Oil, Gas and Mining as provided in R647-4-113.4.16. If you desire to pursue this option, please contact me for a set of guidelines.

In addition to the bonding requirement, the Division needs to receive a response to its first review of your mine plan. This review was sent January 29, 2009. Please provide a response no later than October 1, 2009. If additional time is needed, please present justification and a realistic date for responding to the review.

We appreciate your cooperation. Questions about this letter can be directed to me at (801) 538-5261 or by e-mail at paulbaker@utah.gov, or to Leslie Heppler at (801) 538-5258 or by e-mail at lheppler@utah.gov.

Sincerely,

A handwritten signature in black ink, appearing to be 'PBB' followed by a stylized flourish.
